TEACHER OF THE YEAR

GUY PHILLIPS

This, the thirty-first edition of the THORNTONITE, is dedicated to Mr. Guy Phillips, Head of the Mathematics Department at Thornton, and a member of the faculty since 1923.

Mr. Phillips has inspired many students; through his influence he has become a part of Thornton's tradition and history. He has never taught a mathematical principle without applying it, or an ethical one without living it.

Both students and faculty know him as a gifted teacher and a helpful friend, a gentleman in the highest sense of the term. His exemplary sense of fairness gives the individual every chance to prove the opposite point of view.

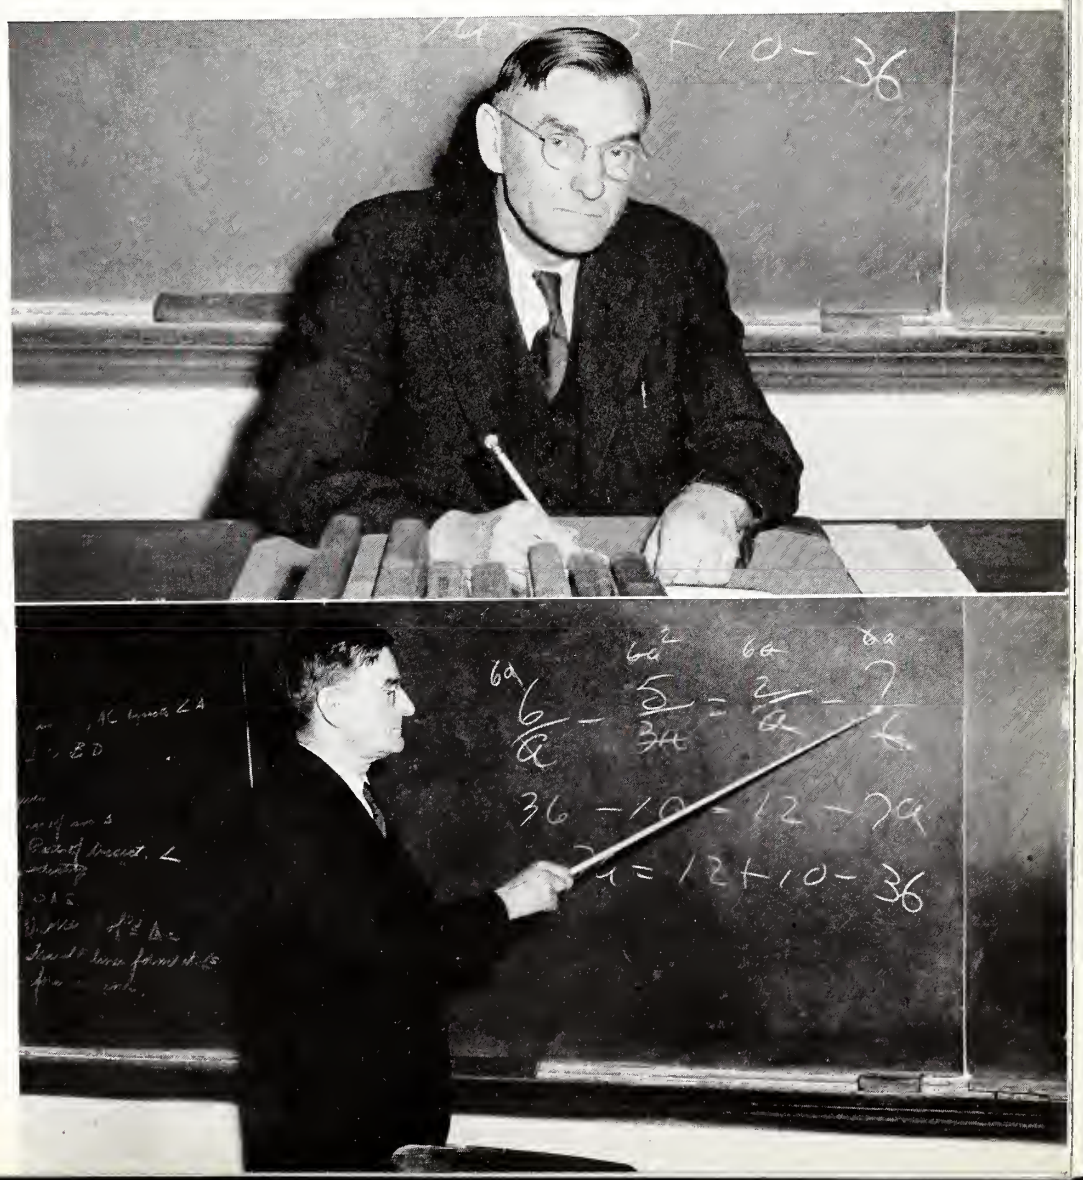
He is of irreproachable character, honest and frank; he is smilingly willing to help; he works hard, thinks clearly; he sets a high standard of work-

manship as a classroom technician; and he has a real sense of humor.

In 1919 Mr. Phillips received his Bachelor of Arts degree from the University of North Dakota, specializing in mathematics, and in 1922 he received his Master of Arts degree from the University of Chicago. From 1920 to 1921 he was superintendent of schools in McClusky, North Dakota, and in 1922 and 1923 he taught at the Central High School in Evansville, Indiana.

In 1936 Mr. Phillips was married to Miss Anna Gurston, Secretary to Dr. William E. McVey, Superintendent of Thornton Township High School.

As extracurricular projects, Mr. Phillips has been a member of the school committee on boys' activities and chairman of the faculty representative committee.



BOARD OF EDUCATION

G. H. Gibson

Thinking about their future, students are looking forward to maintaining universal peace and democracy through education.

Without the excellent advice and leadership given by the capable and understanding men of the Board of Education, Thornton Township High School would not have the excellent rating it holds today.

A. H. McDougall

The members of the Board are elected by ballot by voters of the township, the secretary and attorney are elected by the group, and the treasurer is elected by the three trustees of Thornton Township for a term of three years. The Board meets the third Friday of each month to discuss the numerous problems of the school.

Walter Haines

Frank P. Cowing

Some of the important duties of the Board of Education are to employ faculty members and determine their salaries, and to determine policies, budgets, and expenditures of the school.

These men voluntarily give their time to make Thornton what it is known to be today.

Edward R. Waterman

SUPERINTENDENT

William E. McVey, B.S., A.M., Ph.D. Ohio University, University of Chicago
Superintendent of Thornton Township High School and Junior College

Dr. William Estus McVey, besides ably supervising Thornton, has contributed greatly to progress in allied educational fields. Since he became Thornton's superintendent in 1919, he has been president of the North Central Association of Secondary Schools, and was awarded a Certificate of Merit from his alma mater, Ohio University, in recognition of distinguished attainments in the field of educational administration.

Dr. McVey has inspired many students with his calm faith and inherent belief in the capability of high school students to be good citizens. His tolerance, sympathy, conscientiousness, and fidelity make him a man we are proud to know as friend and teacher.

GUARDIAN ANGELS

Helping to guide the students along the road of education are the Dean of Boys and the Dean of Girls. The door of the office of the Dean of Boys, Mr. O. F. Umbaugh, stands open to welcome those boys who seek the help and counsel they know the dean will offer them.

Across the corridor the girls acquire the aid and personal guidance suggested by the Dean of Girls, Miss Helene Wilson. Besides being personal advisers, the deans also serve as sponsors of the Girls and Boys Clubs. Thornton would not be complete without the friendly advice and encouragement offered to the students by these faculty members.

O. Fred Umbaugh, A.B., A.M. Wittenberg College, University of Chicago. Head of English Department. Dean of Boys.

Helene E. Wilson, B.A., M.A. University of Wisconsin, Northwestern University, Oxford University. Dean of Girls.

John D. Mees, B.Ed., M.S. Southern Illinois State Teachers College, University of Illinois, University of Missouri, University of Chicago. Biology. Principal of Class of 1946.

Joseph B. Stephens, B.S., A.M. University of Chicago, University of Indiana. Mathematics. Principal of Class of 1947.

Clifford R. Maddox, B.S., M.A., Ph.D. Georgetown College, Peabody Teachers College, University of Chicago. Supervisor of Instruction. Orientation and Civics. Principal of Class of 1949.

Four faculty members are the class principals. By a rotating system, each class is under the supervision of Mr. J. D. Mees, Mr. J. B. Stephens, or Mr. J. F. Zimmerman from its sophomore year until the termination of its senior year at Thornton.

Dr. C. R. Maddox helps the freshmen adjust themselves to an important step in their educational career and acquaints them with the activities and customs of Thornton.

The inspiration and affection shown by these faculty members toward the student represent some of the best memories the graduate has of Thornton.

J. F. Zimmerman, Ph.B., A.M. University of Chicago. Head of Social Science Department except History. Principal of Class of 1948.

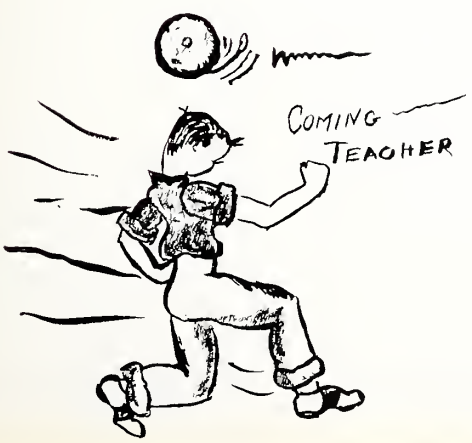
WHITE COLLARS

Located in the southwest part of the building is the general office, an important and busy part of Thornton Township High School. The public address system in the office conveys messages and makes possible the announcements heard every morning during homeroom. The daily tasks performed by the competent office staff are many.

Files are kept retaining records of scholarship, citizenship, attendance, and personality ratings for each pupil. Telephone calls, distributing the mail, mimeographing, and school correspondence are a few more of the jobs handled by the office staff.

Secretary to Dr. William E. McVey is Miss Constance Lovejoy. Miss Jane L. Ridder is registrar. Completing the office staff are Miss Edith Kordewich, Miss Betty Meeboer, Miss Enid Boothe, and Miss Edith Mitchell. Mr. W. C. Fowler and Mr. V. L. Parish are, respectively, superintendent and assistant of the building and grounds.

This able force constitutes a vital part in keeping the school running smoothly.



AUTUMN

The leaf is falling —
Down from the maple and the oak,
Floating in russet cloak;
On the passive ground it lies —
Leaf, that falls when summer dies.

READIN' AND WRITIN'

The largest department in Thornton is the English department, which is made up of seventeen teachers.

During his freshman year the student concentrates on reading books from the rental library, which contains about 21,000 volumes valued at $25,000. Besides the English rental library the student may choose books from the main library which contains more than 10,000 volumes. Reference work is also done here.

As a sophomore the student studies composition and grammar, where he learns the fundamentals of writing and the construction of the English language. In his junior year, the student studies speech, composition, and literature.

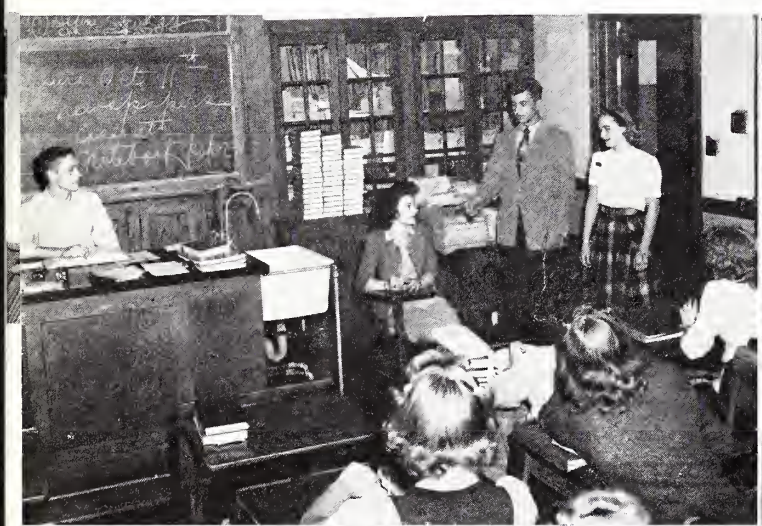
If the student has an "A" or "B" average during his first three years, he may select debate, journalism, dramatics, or speech for his fourth year's work. If his average is below "B", he is required to take the fourth year course which offers English literature and further work in composition.

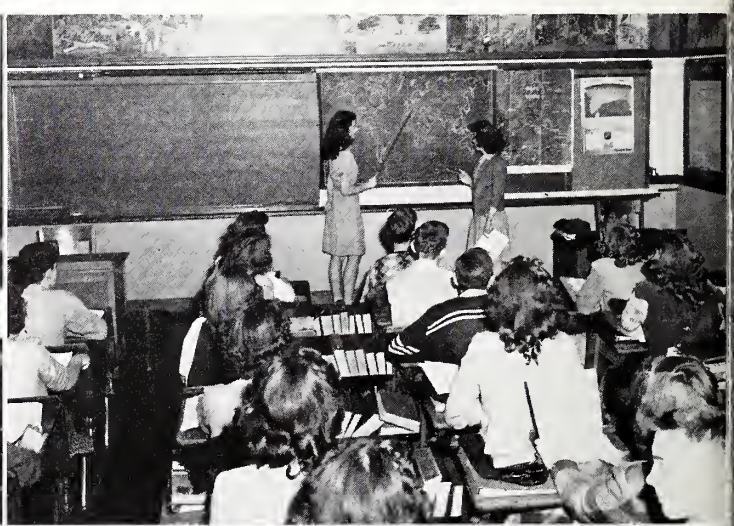
CRAMMING CHRONOLOGIES

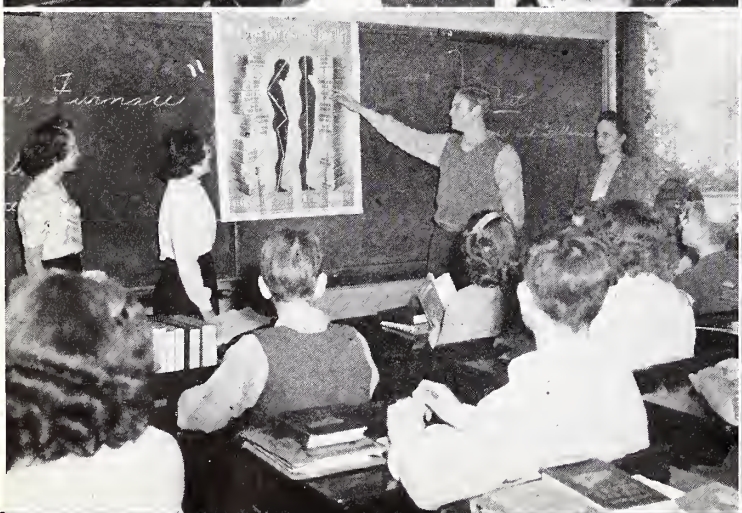
If a student majors in history, as many students do, he will study civics and probably European history, covering the period of history from the time of the cave man to Louis XIV, and then he may study modern history. The latter becomes "modern" only in the last chapter. It goes back to the time of the Crusades and brings one up to date.

Then there is the "must", American history, required of every student for graduation.

The social science curriculum gives a view of government and the history behind government so that Thornton graduates may be the better citizens of tomorrow.







THE WAY TO A MAN'S HEART

Everything from measuring ingredients for a cake to clearing the table properly is taught in the foods classes of the Homemaking Department. Clad in white aprons and hair nets, the girls learn by experience how to prepare food.

The girls in the advanced cooking classes plan, prepare, and are hostesses for dinners during the year, to which guests are invited.

The other half of the Homemaking Department is the clothing classes. Both beginning and advanced classes reconvert old or out-of-style dresses and suits into attractive garments.

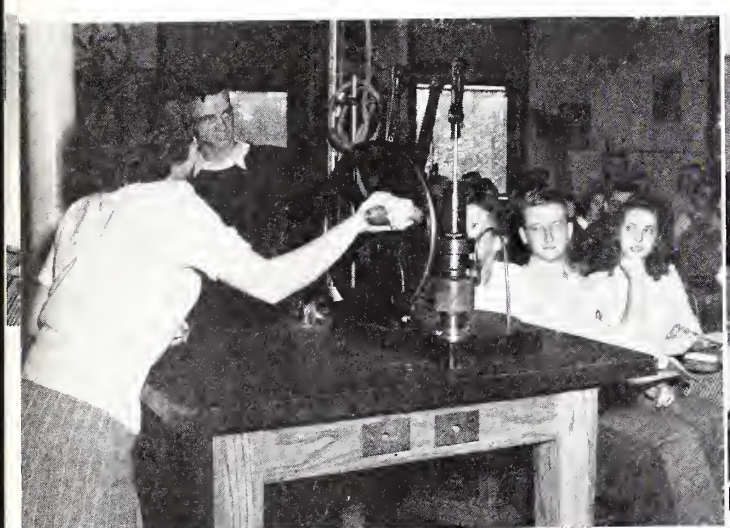
Each year the girls in the clothing classes have the opportunity to model the garments they have made at the Mother-Daughter Tea and Style Show.

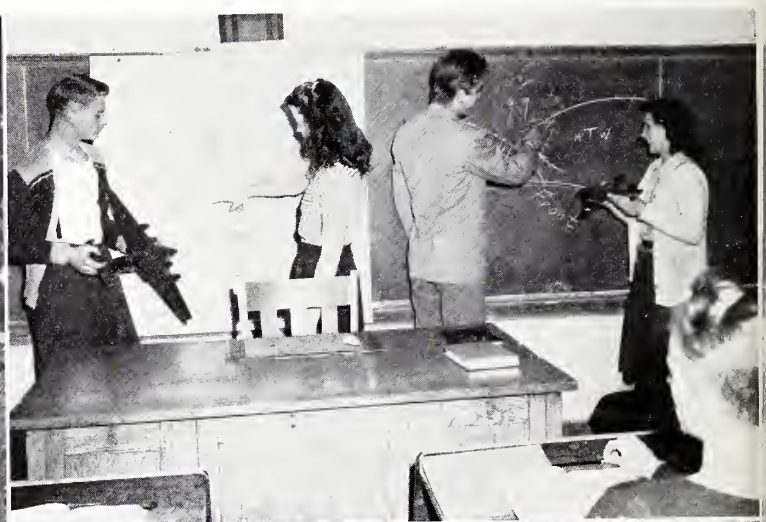
DINOSAURS TO ATOMS

At Thornton the first year's study in the science division is general science, a required subject. This gives the student a smattering of the more specialized science courses, such as biology, chemistry, and physics.

The science of biology, a study of living things, teaches the classifications, anatomies, and functions of the living things of the world, and helps the student to understand more about his natural surroundings.

The chemistry section enables students to understand the where, why, and what of the colorful study of chemistry. It is the study of elements

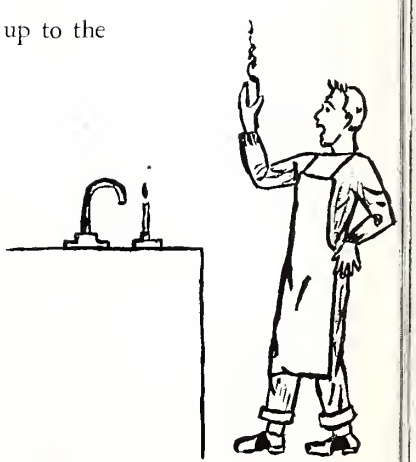




and compounds, physical and chemical, and their relation to one another. It is the analysis and synthesis of matter.

The physics section teaches the laws of energy and enables the student to understand more of the progress science makes as it is represented to the public. It teaches the laws and properties of matter, and discusses the causes and effects of ordinary occurrences.

The course in preflight deals with the science of aeronautics up to the time of actual flight.

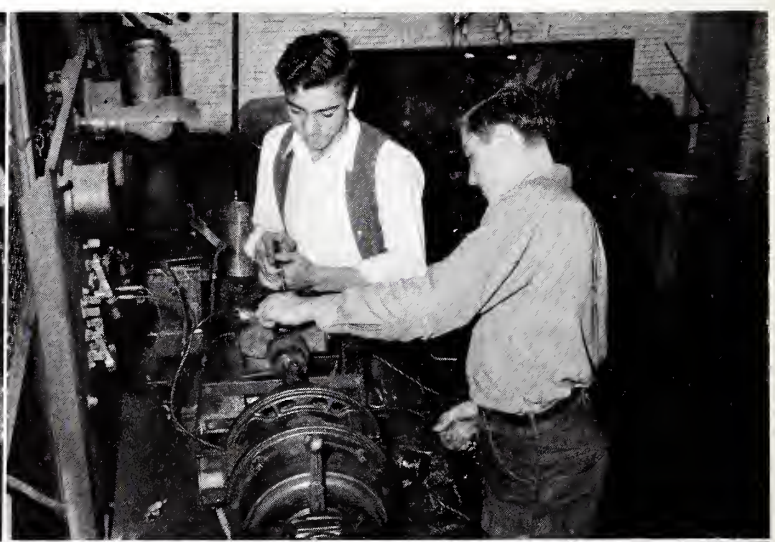


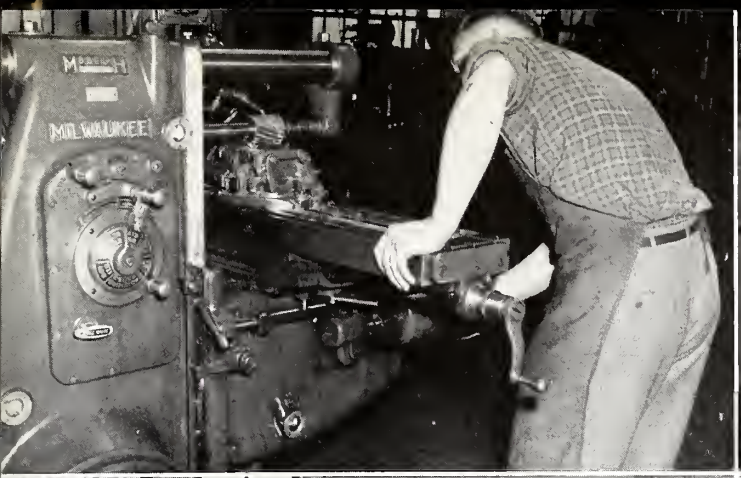
NUTS, BOLTS, AND COGS

Did you hear the noise when passing rooms 121 and 122? No, it wasn't the Buda or the Acme Steel Company; it was the boys in machine shops. The Industrial Arts Department is one of the larger departments at Thornton.

Subjects taught include auto mechanics, blue printing, electricity, metal work, woodworking, machine shop, and mechanical drawing. Shop mathematics, trade chemistry, and trade physics are also taught.

You can expect all those boys in grease spotted overalls with screw drivers and wrenches in their hands to be in the auto mechanics class, learning the secrets of internal combustion engines, transmission, and steering gear. Teachers and students take in cars to be repaired, and in this way both the students and teachers are benefited.





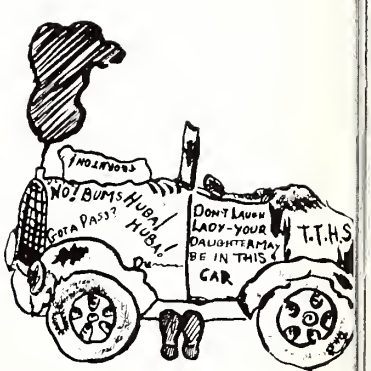
If you see fellows bending over drawing boards and queer figures, it is most likely the mechanical drawing class.

The students in electricity learn about circuits, motors, and other electric works.

Those learning machine shop work spend four consecutive periods a day at work. The object of this class is to learn to operate such machines as grinders, milling machines, lathes, and drill presses.

Woodworking prepares students for jobs as furniture makers, and other jobs, requiring the use of wood, which play such an important part in industry today.

Freshmen take a course in metal work which teaches them to do such jobs as installing rain gutters and removing dents from cars.



SOMEBODY'S STENOGS

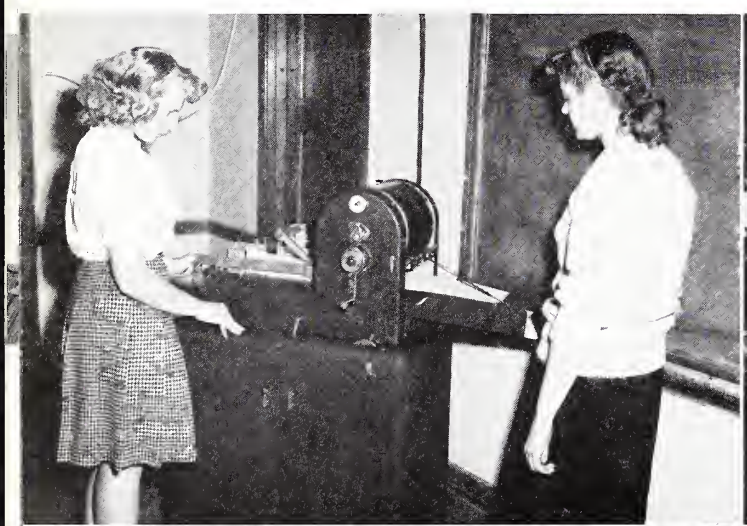
It's a busy place all right, the Business Department. The expert instruction and high standards required will insure the success of a student in the business world.

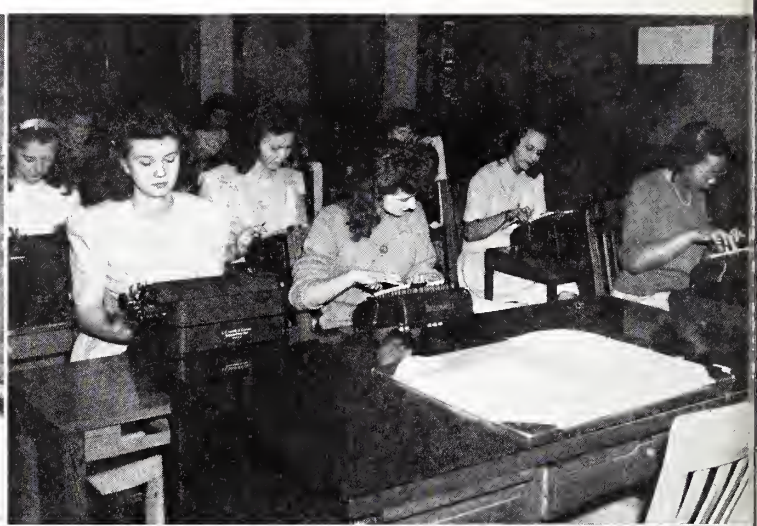
This department turns out speedy stenographers and accurate typists as well as operators of business machines, including the adding machine, calculating machine, comptometer, and dictaphone.

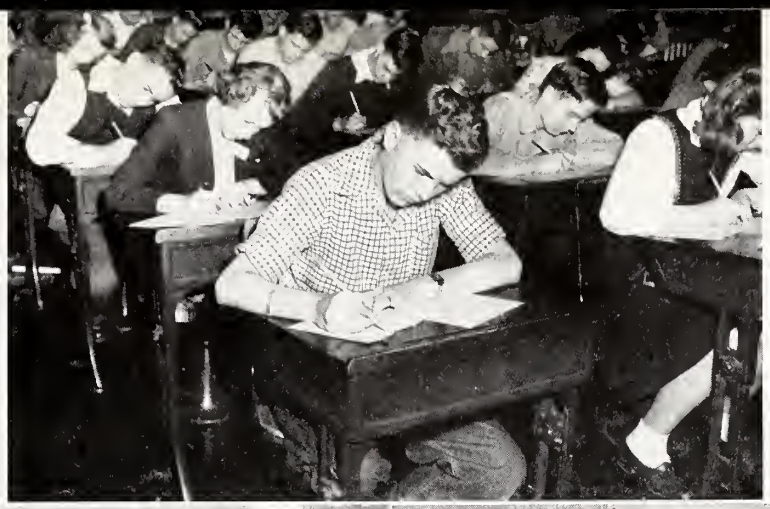
The business course also includes related subjects, such as commercial geography, commercial law, economics, and salesmanship.

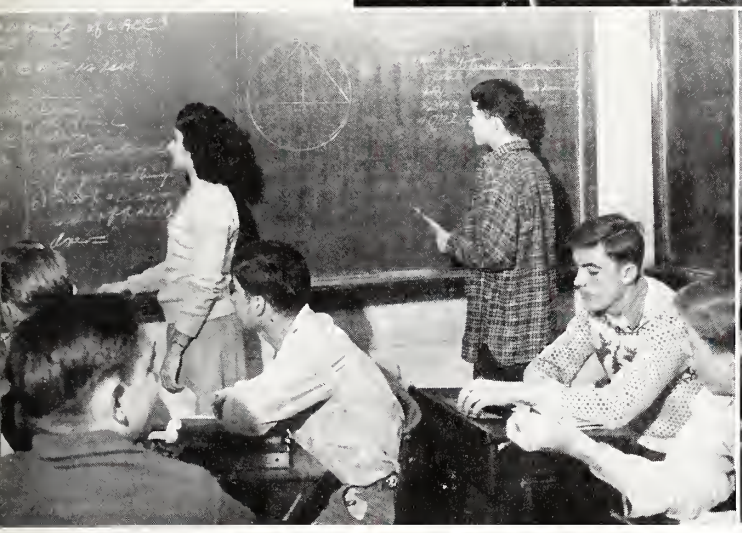
The standards for a career-minded individual are high for the post-war times so that the instruction a student gains from this course is valuable.

For those who want additional training in the field of business this department conducts business classes in summer school and in evening school.









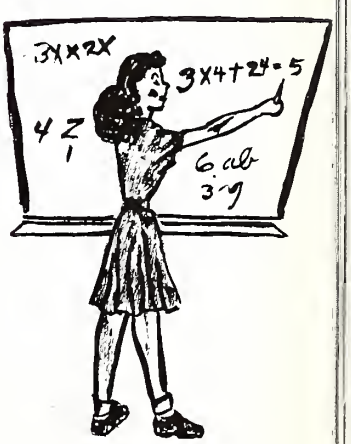
EUCLID FOLLOWERS

Formulas, equations, and numerous geometric figures recall math classes.

The history of mathematics dates back to about 17,000 B. C. The Arabs, the Greeks, and the Romans had important parts to play in the development of our quantitative thinking.

The recent war has shown the importance of mathematics in the various branches of the Army and Navy. An understanding of mathematics has been a foremost requirement.

There are courses in mathematics for all at Thornton. For freshmen or sophomores there is algebra; for juniors plane geometry is offered; and for seniors, especially those who wish to use mathematics in their professions and careers, there are advanced algebra, solid geometry, and trigonometry.



SHARP, NOT FLAT

Every student at Thornton has been affected by the Music Department. About five hundred students belong to its organizations.

There are more than two hundred girls taking part. Because of the large number of girls who wished to join the Choir, a second group was formed two years ago, which is called the Girls Glee Club.

The girls participate every year in both the Christmas Concert and the Spring Festival.

During the sixth period the Boys Glee Club practices. From the sound of these masculine voices this must be the best part of the day for them. Besides singing in the Christmas Concert and the Spring Festival, the boys give assemblies and take part in other musical activities during the year.

After training in one of these groups, those who have fulfilled the qualifications go on to a more advanced group, called the A Cappella Choir. This year the choir produced the Gilbert and Sullivan operetta, "Pirates of Penzance," as well as singing in the usual productions and assemblies.

What's this? The Band's playing one of those peppy marches for which they are so well known! For the first time in the history of the Band all freshman members were required to be in an instrumental class. These classes are to teach the fundamentals of music and to give a student more confidence when playing with a large group.

Besides playing at the athletic games, the Band gives its annual concert in the spring.

This year the Band and the Orchestra have entered more contests than in previous years. It is a tradition for the Orchestra to play at the school's dramatic productions.

TEMPERA-MENTAL ARTISTS

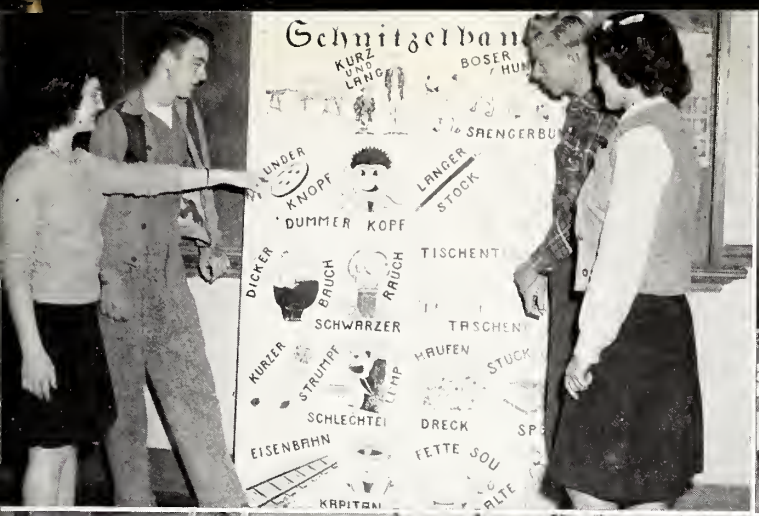
"What an attractive poster! Who made it?"

As freshmen Thornton students are required to take a course in art which acquaints them with some of the famous artists and with the fundamentals applied to art. As sophomores they are given a chance to do more advanced work. The juniors and seniors are offered three types of art work, commercial, advanced, and crafts.

In commercial art classes one learns various advertising methods, how to letter well, and the elements of design. The work of their class is displayed for many of the school events.

The advanced art classes deal with figure drawing, portraiture, caricature, mural design, and printing techniques.

Craft classes stress the theories of design and how to apply them to clay, textiles, plastics, wood, leather, and other materials.



BABBLE OF BABEL

"Quien sabe?" Perhaps you take Spanish. "Sprechen Sie Deutsch?"; maybe German is your meat. "Tres bien, merci"; your French comes in handy. And just to round out the conversation a bit of Latin, "Quid est?".

Almost a quarter of the students at Thornton study a foreign language, and this conversation is a sample of the "international colony."

Through the relationship with foreign countries which more and more people are experiencing every day, people are coming in contact with the problems, habits, and customs of other nationalities. Through learning the problems of others, people find their way into their hearts. The Language Department is meeting the problem of introducing foreign languages into the daily lives of Thornton students.

The world at large is realizing that to understand people we must first understand their language.

AMAZONS

After passing a physical examination required of all girls entering physical classes at Thornton, a girl has her choice of many activities. Team sports, swimming, individual sports, work in rhythms, and modified activities are offered.

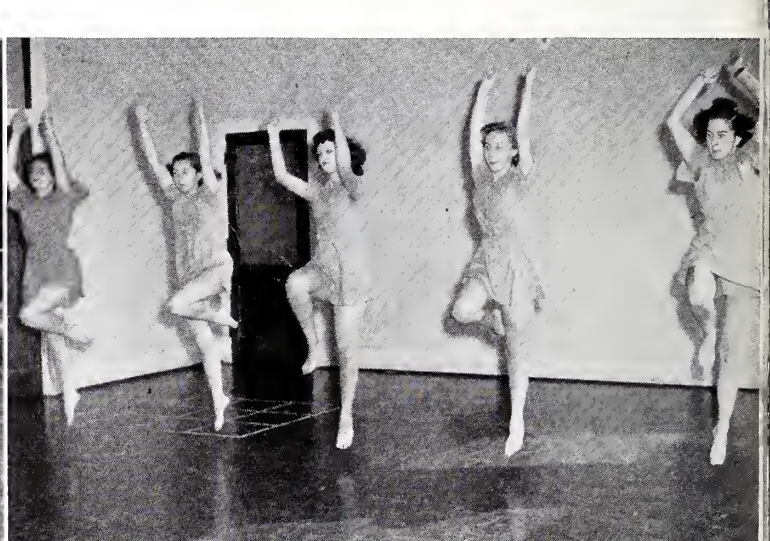
If a girl wants to learn how to play such games as soccer, basketball, volley ball, baseball, she takes Sports I, where she is taught the fundamentals of the game, the rules, techniques, and other things necessary to play a game properly and with ease.

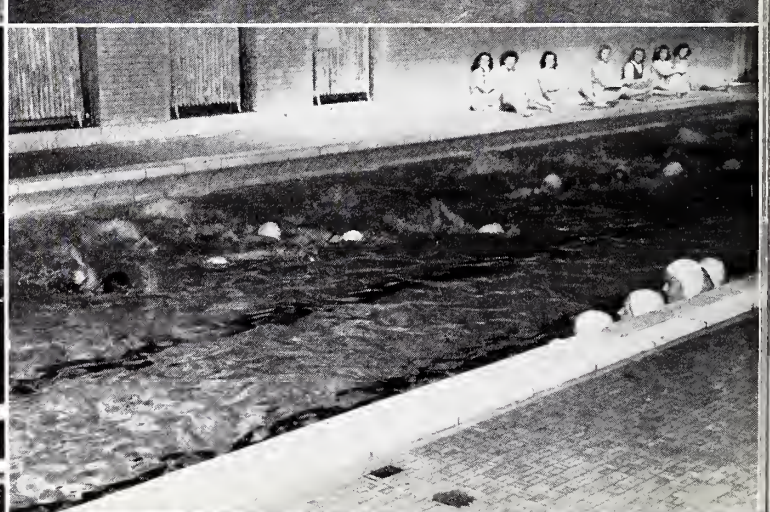
Sports II is offered to girls wishing to learn to excel in the various sports mentioned above. Sports III teaches a girl how to play individual games, such as table tennis, deck tennis, badminton, archery, and others.

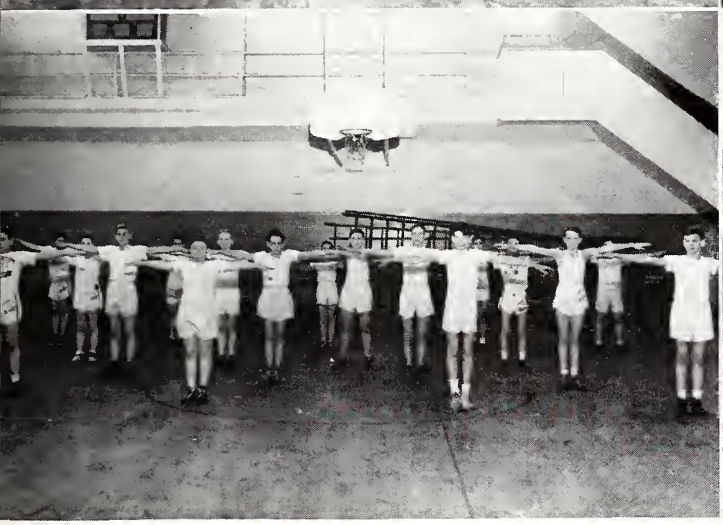
Swimming teaches the student the crawl stroke, the side stroke, and the breast stroke in the beginning classes. The advanced students are taught racing turns, diving, how to build up speed and endurance.

Classes in rhythm learn to do exercises and simple dances to music and then are taught how to put these steps and movements into a pattern to form dances of their own making.

Modified classes are held for girls physically unfit to play the strenuous games.







MUSCLEMEN

Every student, barring the blindest freshie, has observed the male Thorntonite dragging his body back from gymnasium at some time or other. Why does he act like this? Well —.

All boys not participating in a varsity sport are required by law to take physical education. Classes meet two periods a week for freshman, sophomore, and junior boys, and seniors meet five periods a week.

Primary, advanced and commando swimming are taught also. Primary classes are taught how to swim, advanced classes are taught new strokes, and commando classes are taught life saving.

The physical education classes emphasize body-building exercises and have time for basketball, dodge ball, and other games. Incidentally, these basketball games make commando fighting seem a sissy activity.

In spring the boys go outside and run a horrifying obstacle course — really they do — in less than three minutes. The seniors go through not only the obstacle course but 25 push-ups, 10 chin-ups, and 25 leg-lifters.

But one never hears a complaint, for aren't those beautiful muscles the result?

CLASS OF 1949

For approximately six weeks at the beginning of each school year, the upperclassmen have innocent fun directing poor freshmen to the nearest elevator or to study hall 113 on the second floor.

One had to be very careful when strolling down the hall for fear of being run down by a "junior commando."

By the first of the year improvements were noted by everyone. The frosh no longer were late for classes, nor did they rush into the wrong room. This was largely due to the guidance of Dr. C. R. Maddox, Freshman Class Principal, who starts all freshmen on their road through Thornton. When they become seniors, they all look back and are thankful for the start given them by Dr. Maddox.

In order that the freshmen may become better acquainted before the election of class officers, it is not held until the second semester. Also, all grades must be compiled in the office in order to determine eligibility to hold office. Thus the election is too late for the pictures of the officers to be included in this book.

DR. C. R. MADDOX, *Freshman Class Principal.*

BOYS CLUB

The Boys Club is an active organization that labors at a real job, that of improving the character of Thornton boys. It sponsors many activities, including the annual play co-sponsored with the Girls Club, the Stag, a party given yearly to promote better understanding between the boys and their dads, and various assemblies for the student body at which appear paid entertainers.

MR. O. F. UMBAUGH, *Dean of Boys.*

The Boys Club is managed by a student Board of Directors consisting of four seniors, three juniors, two sophomores, and one freshman. These boys are aided in their work by homeroom representatives who transmit to the officers the ideas and opinions of their classmates.

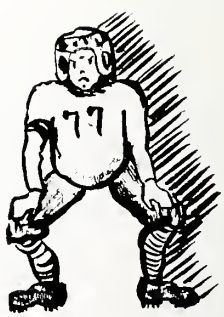
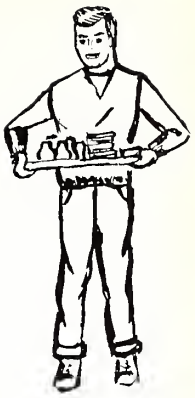
The hall guards, bus guards, campus patrol, and safety squad were organized by the Boys Club. These organizations carry on the work that daily affects the safety and welfare of every boy and girl in the school, under the leadership of the Commander-in-Chief.

The Boys Club sponsors the Thornton chapter of the Hi-Y which endeavors to create, maintain, and extend throughout Thornton and surrounding communities high standards of Christian character. A junior branch of the Young Men's Christian Association, the Hi-Y attempts to teach the boys how to use their leisure time to the best advantage.





HI-Y OFFICERS
Albert Arnold, *Treasurer;* Teunis Paarlberg, *President;* Bernard E. Gentry, *Secretary.*

Thornton Hi-Y is affiliated with neighboring Chicago clubs as well as with the state and national clubs, and the Thornton branch of Hi-Y sends representatives to regional conventions. The boys in Hi-Y have taken over the job of maintaining checkroom services for Purple X open house.

Basketball has been the main social activity of this year's meetings. An initiation ceremony is held at the beginning of each school year.

GIRLS CLUB

The Girls Club was organized in 1916 with aims of cooperation, friendliness, and helpfulness.

There are six major officers, all of whom are seniors with the exception of the vice president, who is a junior. The major officers and the Dean of Girls direct the activities of the club. In addition there are one hundred minor officers.

Power to transact business and determine policies is vested in the Board of Control, consisting of six senior, five junior, four sophomore, and three freshman girls.

The three minor offices are positions on the Board, Council, and Division Chairmen. The requirements for the person holding such an office are the following: She must have a grade average of 3.2, as a sophomore must have earned her white "T" pin, and as a junior, must have earned both her white and purple "T" pins.

To earn a "T", forty activity points are necessary. The members of the Activity Point Commission sign up points before and after school. Points may be earned by various services and duties.

The purpose of the Council, made up of one representative from each homeroom, is to discuss at their monthly meetings matters pertaining to the welfare of the organization.

One division chairman is elected from each homeroom. Her chief duty is to report absences and illnesses. A secretary of attendance is chosen from each class to send notes and cards to those who are ill.

Mary Guthrie, *President of the Girls' Club;* Miss Helene Wilson, *Dean of Girls.*

Special honors are given to girls on Scholarship Day to those who have earned "A's" in four solids and who also have satisfactory citizenship ratings. After a girl has attained seven semesters of "A's", her name is engraved on the scholarship cup. Those girls honored on this year's scholarship day for six semesters of "A's" were June Skye, Annetta Smith, Beatrice Turek, and June Volbrecht. Four semesters: Joan Adler, Betty Anderson, Jean Lave, Marion Ries, and Mary Zinn. Marilyn Smith was the only one with three semesters.

OFFICERS OF THE GIRLS CLUB

Mary Guthrie, *President;* Esther Pajak, *Speaker of Division Chairman;* Jackie Elmore, *Speaker of Council;* May Burt, *Secretary;* Barbara Drew, *Treasurer;* Carmella Firetto, *Vice President.*

Marion Parks, Jackie Reichert, and Geraldine De Graff were the girls who attained one semester of "A's".

The duties of the marshals are to keep order at assemblies, collect ballots, and pass out song sheets. They are a volunteer group and help to see that Girls Club assemblies run smoothly.

With so many activities one can easily see that girls are interested to do service for others. Such is the attitude of the girls of Thornton Township High School.

1946. Another yearbook has been published to bring back memories of good times.

No yearbook can be successfully produced without a great amount of work on the part of the producers. Taking pictures, planning layouts, writing, and typing are a few of the many jobs to be done. Every step along the way is important to the success of the book.

The newspaper and yearbook classes, which were combined this year, produced both the weekly newspaper and the annual, which are both known as THE THORNTONITE. The juniors who made up a third period English class aided in the many jobs to be done.

PUBLICATIONS

The Floyd Gibbons Chapter of Quill and Scroll, International Honor Society for High School Journalists, was founded at Thornton on December 18, 1931. A student who has worked on a school publication, plus being in the upper third of his class scholastically, a junior or senior, and recommended by the publication supervisor, is eligible for membership.

SPOKEN AND WRITTEN

Being able to talk isn't the only requisite for a good debater. He must also have the ability to analyze the opponents' case in a short time so that effective rebuttal may be made, the ability to collect material concerning the question, and the ability to speak logically and convincingly.

Thornton debaters also participate in oratorical and reading contests, and present discussions that deal with current problems.

The Footlighters Club assists in the production of plays.

The members of the club have the opportunity to learn how to apply make-up, design costumes, arrange stage settings, and to show their acting ability in the school plays.

The Pierian Club was formed for the purpose of furthering interest in writing. At its meetings the members present book reviews and criticize each other's manuscripts.

The Pierian Club is composed of twenty students. To become a member of the club, one must be recommended for his interest in writing and then be elected by the members of the club.

KIP

The KIP swings into its second year of participation in student government. Every student of Thornton is automatically a member of the KIP organization. Policies are formed by the three elected groups, the Board, Forum, and Conduct Committee.

The Board governs the organization. Regular meetings are held every Monday, Wednesday, and Friday, when the board of seventeen members meets to discuss problems.

Activities include attending conference meetings, such as the Chicago Youth conference, the South Suburban Conference, and the Illinois Association of Student Council, where the usual school problems are discussed.

The Forum is made up of one representative from each homeroom. The Forum and Board have a meeting once a month.

The conduct committee, a name that suggests its purpose, serves as an advisory group for the faculty. This group endeavors to set and maintain a deportment standard which will be a compliment to the school.

The KIP maintains its own office for meetings. Here, also is the Lost and Found Department, presided over each period by a member of the student body.

PURPLE X

The Purple X was created to provide recreation for students after athletics contests.

The name of the committee of faculty and students was chosen from the school color, purple, and "X", to symbolize the unknown quantity of activities and duties which the committee might take over. These two factors were combined with the result, "Purple X."

Candidates for Purple X are suggested by the faculty and are chosen by their ability to represent their fellow students. Membership of this year's committee is thirty students and thirteen teachers.

Officers are, chairman, Betsy Becker; vice chairman, Elva Dalenberg; treasurer, Haroldine Johnson.

FUTURE HOMEMAKERS OF AMERICA

The Future Homemakers of America proved an active group this year. Three delegates attended the district rally in Chicago in December.

For the club's welfare project, the girls stuffed and dressed dolls for distribution to needy children.

Two style shows were held during the year, the Mother-Daughter Tea and Style Show on January 10 and the evening Style Show sponsored by the PTA on May 14.

On April 13 the club was hostess at a rally day for Homemaking teachers and students from the northern section of Illinois.

CAMERA CLUB

"Smile! Look at the birdie!"

You are going to have your picture taken. The stage is set and the Camera Club members are polishing lenses and setting exposures for future masterpieces. Later mounds of chemicals are mixed into magical fluids and handsome black outlines mystically appear on special paper.

The club holds regular meetings on the first and third Thursdays of each month at which time topics relating to photography are discussed.

CAMERA CLUB OFFICERS

Lois Kruger, *Vice President;* Palmer Fenwick, *President;* Phyllis Danielson, *Treasurer.*

BICYCLE CLUB

The Bike Club attempts to teach people the correct care of their bicycles, to teach safety rules, and to give them an opportunity to have fellowship with other cyclists.

Since it is only possible to ride to school during the spring and fall months, the club is active only during these periods.

PIGSKIN KICKERS

With only six lettermen back for the season, Coach K. J. Lipe tried his best to make a winning football team, but with little success.

The game with Blue Island was one of the more one-sided affairs Thornton grid players have engaged in for quite some time. Blue Island dominated the entire game; Thornton lost 27-0.

Although Thornton lost to Oak Park 27-0 in the next tilt, the team showed signs of improvement.

The New Trier game saw Thornton score its first touchdown, though the game ended 42 to 7 in favor of New Trier.

The Wildcats lost their fourth straight game when they met Cal City, by a score of 32 to 7. This game showed that the Cats had a running as well as a passing attack.

Thornton lost to Evanston October 27 by a score of 20-6.

The Wildcats finished the season without a win. The Cats lost their last chance for a win when they lost to Freeport, 13-7. At the half it was 7-7, but in the last period Freeport went over to make it 13-7.

This made the record seven loses and no victories.

To the sophomore each day means one more step toward his goal, the upper classes.

As freshmen they were as green as green could be, but now as polished and experienced sophomores, they staunchly claim no one can tell them from juniors or seniors.

One of the highlights of the sophomore year is the annual party, held in honor of the football teams. The work and entertainment was done entirely by the sophomores.

Elections were held last fall to elect officers, a senate to represent the sophomore class. One senator from each sophomore homeroom activities for the entire class.

Mr. J. F. Zimmerman is the principal of the Class of 1948.

IT'S CURTAIN TIME

"EVER SINCE EVE"

The annual Boys' and Girls' Club play "Ever Since Eve" was presented on the night of November 9 and 10. Production was supervised by Mr. E. C. Ohlert and Mr. R. G. Decker. Annetta Smith, Russ Hart, and Bob Achor were business managers.

Johnny Clover was always deep in trouble either with the newspaper or with Susan Blake, his childhood girl friend, Spud Irwin, his faithful friend, or with Lucybelle, the southern girl who captured his heart. Things really were complicated when the measles entered in. But in the end, as usual, all was running smoothly.

"NINE GIRLS"

On the evening of May 26, 1945, the solitude of the air around in the auditorium was shattered by a blood curdling scream. The Footlighters were putting on the murder mystery, "Nine Girls," by Wilfred Pettitt under the direction of Mr. E. C. Ohlert.

The story was about nine girls who lived in a log cabin, which they used as a clubhouse. During their stay many mysterious and tragic things happen, including a murder. But the suspense was broken now and then with a hearty laugh.

With the aid of a production staff of thirty-seven this was the first production by the Footlighters.

"STAGE DOOR"

On the evenings of March 23 and 24, 1945, the cast of the senior play, "Stage Door," could be found in the dressing rooms putting on make-up and having last-minute jitters.

Contrary to past years, the cast of this play was very large. Thirty actors participated to bring enjoyment to the audience.

The play was about a boarding house full of aspiring young actresses who strive for success in the theater. Mr. E. C. Ohlert was the director, and Miss Dorthea Thiel was the art adviser.

The business managers, Louis Davidson and Eugene Grassmick, and the advertising managers, James Charles and Roy Herzog, had a great deal to do with making the play a hit.

PARENT-TEACHER ASSOCIATION

This year's theme for the Thornton Township High School and Junior College Parent-Teacher Association was "The American Home." A varied program of monologist, other speakers, movies, concert, and so on carried out the theme in the meetings held on the fourth Tuesday of each month.

By such money-making projects as the annual Christmas Concert, the Victory Jamboree, and taffy apple sales, the PTA has been able to donate generously to various organizations which also work for the betterment of youth. Some of these are the March of Dimes, the Harvey Youth Center, and the proposed YMCA.

One branch of the PTA is student welfare. Students who are less fortunate than the rest are supplied with books, clothing, and medical attention.

We, the parent, the teacher, the student—the American home, are grateful to the PTA.

JUNIOR RED CROSS

The second year of the Junior Red Cross at Thornton has closed on a year of varied activities. The T. T. H. S. Chapter started with the election of officers Kenneth Buss, Jean Broderick, Pearl Roesner and Betty Davis.

The Junior Red Cross collected articles for gift packages and collected the membership dues from this school during the national membership drive.

SWING CLUB

Lend an ear, you Jills and Joes, and listen to what goes!

Yeah, man! It's the ickies, 'gators, and hep-cats blitzin' it straight for the ol' jive joint, the little theater, at 3:30 each Friday. Here come the officers. They've got records of jive music, square music, and that good old jitter-buggy Harry James music. Then all of a sudden the old place is jumpin'.

If you don't wanna be a loose tooth, grab one of those yum-yum gals over on the side cupboard and show 'em a few tricks. Do ya dig me? Well, all reet!

La Liga Panamericana, the Spanish club, is sponsored by the Language Department. The purpose of the organization is to further good-will with Latin and South America.

Programs arranged include skits, plays, and movies featuring the typical Pan-American life.

Given also, this year, was "Un gran fiesta" which portrayed life in a typical Mexican village.

Latini is open to all students who have studied Latin during their high school career, and who are interested in learning more about the Latin culture. Programs include games based on Latin words, plays of mythological characters, movies, and slides on classical subjects. The Saturnalia, or Christmas celebration, is one of the highlights of the year.

Die Deutsch Ecke is open to all students who are interested in German culture, literature, and music, and who have some knowledge of the German language. Its purpose is to furnish practice in the common use of the German language and to enjoy a social hour together in singing and talking in the tongue.

The main purpose of Le Cercle Francais, the French club, is to improve the student's use of French under pleasant and natural conditions. In so far as possible, French is spoken at the meetings.

Programs include plays, skits, games, and French songs.

ASSISTANT PEDAGOGS

From Thornton's Business Department annually go experienced secretaries into the commercial world. Working in the class principals' offices, the main office, the biology and history departments, the library, the deans' offices, the rental library, and the girls' gym classes aid these people in attaining proficiency in their work.

Included in the duties of these student secretaries are mimeographing testing materials, taking dictation, answering correspondence, checking test papers, scoring test curves, taking attendance, and checking books.

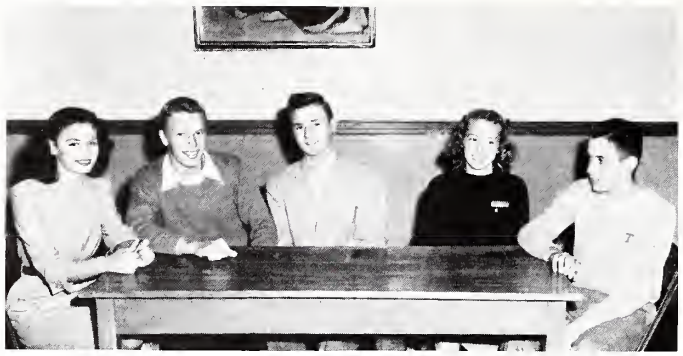
CLASS OF 1947



CLASS OF 1947
Carmella Firetto, *Secretary;* Chuck Ziebell, *First Vice President;* Bill Anderson, *President;* Elva Dalenberg, *Second Vice President:* Donald Shaw, *Treasurer.*

Another great step has been taken by the Class of '47 toward graduation, under the guidance of Mr. J. B. Stephens. This class started out in high school just like every freshman group, wild-eyed, looking for the elevator and the steam-heated lockers, and in general wondering what was going on.

Then as those little freshmen were getting the hang of things and obtaining high honors for themselves, they gave their class party and had election of class officers. As individuals, they entered into extracurricular events, including Girls' and Boys' Clubs, language clubs, sports, and other activities.

Coming back the next year as sophomores, the class was much the wiser. Individually the students kept striving to become the most prominent in every activity.

As juniors they were also eligible to attend the prom and the annual junior-senior party.

It doesn't seem possible that the senior year could be any more interesting and thrilling than this.

DRIBBLERS

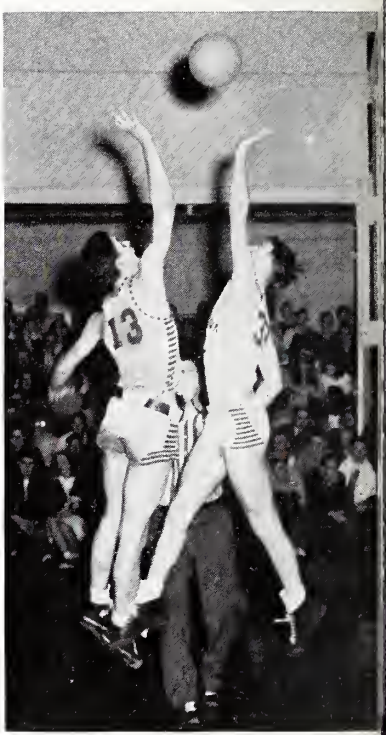
With six lettermen returning for the '45-'46 season the team looked forward to a fairly successful year, but events proved otherwise. On November 30 the Flying Clouds journeyed to meet Morton and lost, 60-33. The following week the 1945 home debut was made when the Clouds overwhelmed Harrison Tech, 56-31. The next day the Clouds tasted defeat again, this time at the hands of Argo.

December 14 and 15 also saw the Clouds lose home games to Fenger and Cal City, 50-39 and 48-35, respectively. On the 18 and 21 of December the Cats traveled west of Chicago to engage with Proviso and Oak Park of the Suburban League, but they lost, 43-26 and 48-17 on the respective nights.

You may note here that next year Thornton will be a regular member of this Suburban League along with Evanston, New Trier, Waukegan, Morton, the two just mentioned, and another newcomer, Highland.

After the murderous defeat at the hands of the Oak Park huskies, the Clouds went downstate to the East St. Louis holiday tourney. Thornton won the first game from Belleville, 32-26, but lost in the semi-finals to East St. Louis High, which went on to win the contest.

The Harvey boys began the new year a little off color by losing to Dundee 72-29 at the Waukegan New Year's Tournament. The consolation game saw the Cats defeat Freeport 31-30.



BASKETBALL COACHES
Mr. O. L. Krughoff, Mr. K. J. Lipe, Mr. Carl Mendenhall, Mr. Herbert Bricker.

While the rest of the student body was still enjoying vacation, the players traveled to Cal City and Blue Island on January 4 and 5 and lost both games. The Clouds engaged with Evanston on January 12 and displayed an altogether new team to defeat the northsiders, 42-37. Later the Clouds lost to Morton for the second time of the season, 41-34.

Bob Anderson, main-stay on the Varsity for the past two years, played his last game of high school competition against Whiting on January 26, but the boys dropped a close decision, 48-44. On February 1 the Clouds traveled to Downers Grove and emerged victorious, 40-37, in a double overtime in probably the most exciting game of the year.

On February 9 the ever-powerful Oak Park Huskies came to the Buda gym for a return engagement with the Clouds and trounced them for the second time, 39-35. The following Monday the Clouds took to the road for the last time when they went to Evanston and were trounced, 44-26.

VARSITY BASKETBALL TEAM

Row 1: Jeff Hunter, Richard Kolloway, Bruce Smith.
Row 2: Roger Frebel, Bob Anderson, Elvin Brown, Bob Shymkus, Gerald Jacobs.
Row 3: Curt Hanes, Jerry Wujastyk, Dave Koss, Bob Albrecht, Don Williams, Chuck Eustis, Bob Beck.

Clark of Hammond came here on February 15 to be defeated, 41-37. The next day the Cats lost again, this time to Blue Island, 43-31. The final game of the season was played on February 23 when Joliet came here and defeated the Cats, 43-37.

The regular team was generally made up of Bob Anderson and Dick Kolloway at forward with Denny Tuffanelli, Bob Shymkus, and Bruce Smith as their substitutes. The center position was held down by Elvin Brown with Bob Albrecht as his understudy. The guard positions were played by Roger Frebel and Gerald Jacob. Chuck Eustis was the first substitute at this position, so he earned a Varsity award along with all of those just mentioned.

FROSH-SOPH BASKETBALL TEAM

Row 1: Gene Summa, Charles Brooks.
Row 2: Evan Roberts, Bob Ash, Don Robertson, Bob Rubendunst, John Ford, Chuck Romer, Wayne Benson.
Row 3: Bob Binette, Paul Palmer, Robert Isaac, Roger Jorgenson, Harold Kellogg, Bill Fredricks, Roger Conant.

After the first semester, Bob Anderson left for the army, so Don Robertson moved up from the Frosh-Soph to take his place.

With the Joliet game just a memory the uniforms and the rest of the equipment were packed away, and the 1945-46 Thornton Varsity basketball season was a matter of record.

Although the boys did not do too well by losing sixteen games and winning only six, they gained the one thing which will be the biggest help next year, experience.

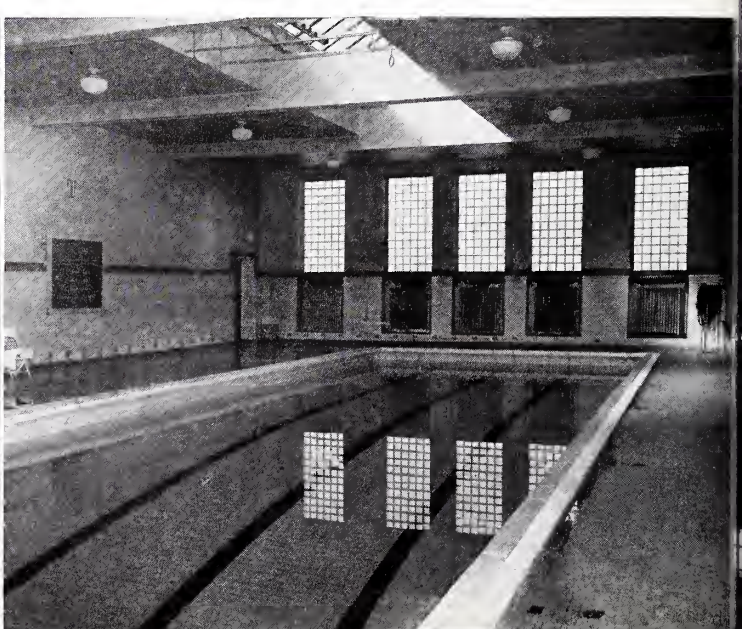
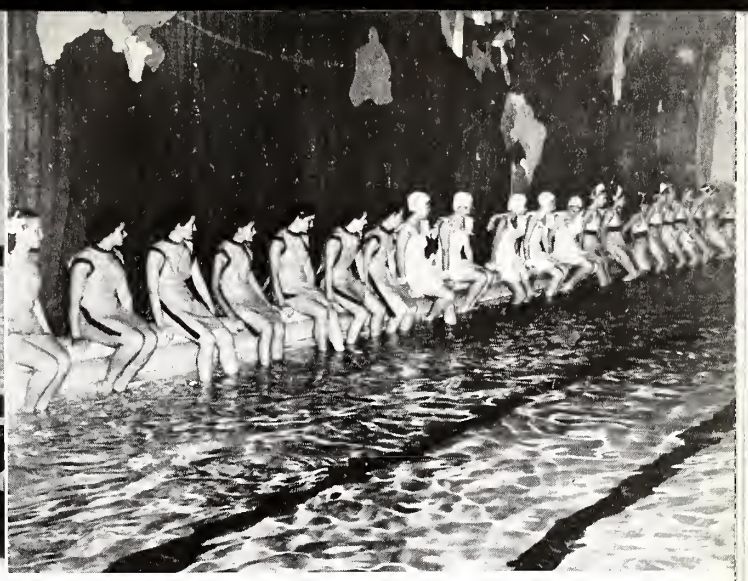
HIPPOLYTA'S GIRLS

You don't have to be masculine to be an athlete at Thornton. We have our own brand of female athletes in the Girls Athletic Association. This club is under the direction of a GAA Board composed of officers and members who take charge of the various sports seasons.

After a girl has completed three sports seasons she receives numerals, the abbreviated form of her class number. Upon the completion of five sports seasons she receives a three-inch "T", and if the girl as a junior continually shows interest in the GAA and has completed five sports seasons, she receives a five-inch "T".

To assist the teachers, GAA student leaders are chosen for their outstanding ability in physical education work, leadership, and dependability.



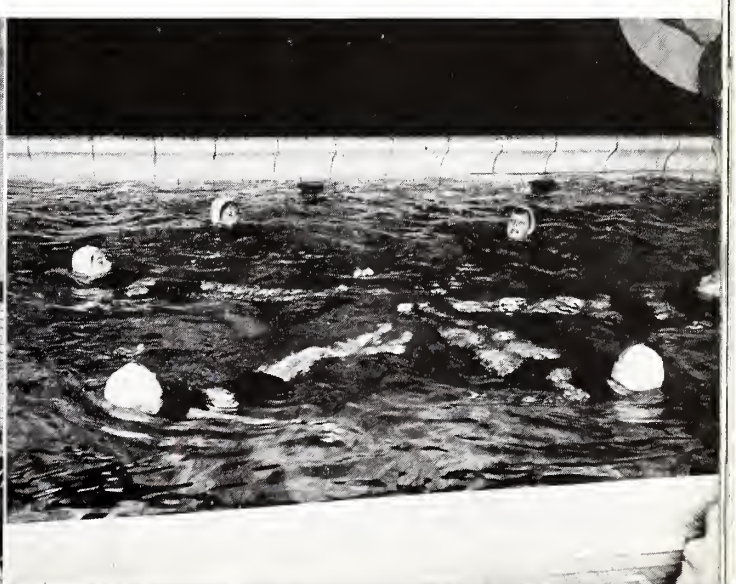


SWIMMING AROUND THE WORLD

The nations of the world got together and "had a night" at Thornton's natatorium last fall in the form of a swimming pageant sponsored by the Girls' Athletic Association.

Switzerland, Finland, Russia, China, Hawaii, Brazil, and the United States were represented. There were many beautiful formations using the slow side stroke, and there were some fast moving ones using the crawl. There were slow, easy swan dives as well as fast gainers, half-gainers, and a "horse-and-rider."

The audience howled with laughter at the night shirt relay and at the double dolphins who came from under the water facing the opposite direction.



SPRING

The spring is coming —
Up from the green-locked southern hills,
Floating its breath of daffodils,
Through the babble of the stream —
Spring, that comes when humans dream.

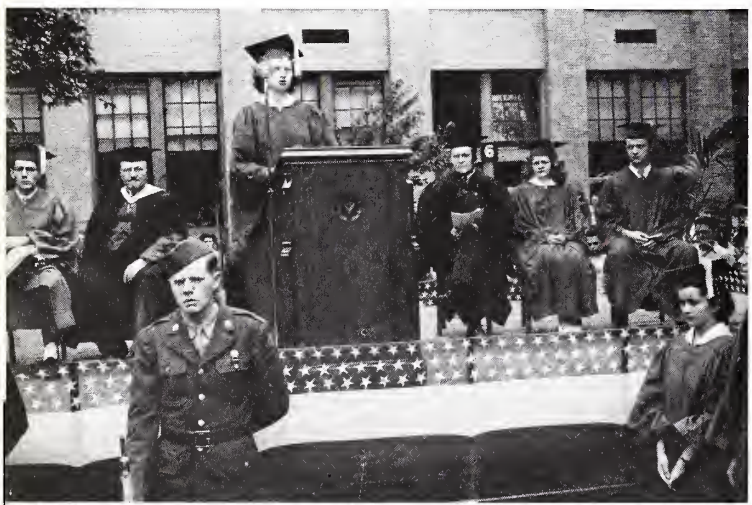
FLAG DAY

Flag day is the time when seniors make their debut in graduation caps and gowns.

Although it is a day of joy, it is also a day of solemnity. In 1914 the senior class presented Thornton with a flag pole and a silk American flag. The flag was flown from the pole only a short time day by day, due to its perishability. Since then each graduating class gives to the junior class a new flag for use during the following year.

Under the American flag is flown the service flag. The one blue star represents 3,366 men and women in the armed forces of our country and one gold star represents 71 Thorntonites who died for their country. This flag was presented to the school by the Parent-Teacher Association of Thornton Township High School and Junior College.



HONORS

One of the greatest honors that can come to a student of Thornton is to be chosen a member of the National Honor Society.

Qualification for membership is based on scholarship, character, leadership, and service to the school.

Taking charge of the war bonds and stamps has been one of the duties of Thornton Township National Honor Society members.

Thornton's local honor roll requires an average of 4.1 or "B" plus, through the four years of high school. Thus automatically qualified to membership on the Thornton Honor Roll were sixty seniors in 1945.

VIVE LA SENIOR CLASS

SENIOR CLASS OFFICERS
Keith Padgett, *First Vice President;* Lou Johnson, *Secretary;* Gene Bell, *President;* Betty Kreps, *Treasurer;* Esther Pajak, *Second Vice President.*

While the Class of 1946 waits for the signal to begin its final procession as seniors, minds wander back to the day when its members entered Thornton as freshmen. They remember how frightened they were at the seemingly endless corridors, and how they rushed with anxiety to classes, only to find that the clock had jumped ahead or that someone had menacingly changed the numbers on the doors of the classrooms.

Memories of their sophomore year were as happy as they were numerous. Looking down on the incoming freshmen was considered great sport. Aside from these pranks, scholastic progress moved along their pathway, and the Class of '46 advanced another rung on the ladder of progress as its members became juniors.

If anyone should ask what memories of the junior year were the fullest and most exciting, inevitably

Mr. J. D. Mees, *Senior Class Principal.*

answers would include the prom, electing a May Queen, and having members of their class on the Varsity athletic teams.

Probably the last year is the most exciting. It was the year which turns students out into the world with the great name of Thornton urging them forward to success.

The sought-for-goal is graduation, and with the aid and guidance of Mr. J. D. Mees, who had been their class principal for the last three years, their goal was reached.

THORNTON'S BRAVE

On December 7, 1941, World War II was declared. After that date more than three thousand Thornton students and faculty members left to defend the ideals of their country.

They left their studies, their friends, and their homes. They went thousands of miles to foreign lands, fought on strange soil, and invaded the clouds.

Some fought with guns, some with fountain pens, some with foods, and some with their ingenuity in scientific developments. Still more fought at home with acetylene torches and rivet guns.

Some came home victoriously with souvenirs from far off lands. Some stayed overseas in occupation armies. And some will always stay there, row on row. All of them, rich or poor, dead or living, sacrificed that the ones at home might be safe.

Now it is over. Some are returning to their studies here and in other schools. Some appear in the senior section of this yearbook. And some are still across the ocean and in hospitals.

To these and to those who helped them and waited for them, all honor!

ALL-GIRL ORCHESTRA

Melanie Hughes, Harriette Jones, Leona Lange, Aurelia Wolter, Lois Waaso, Mary Jean Ralph, Ethel Jo Breitenfeld, Muriel Clark, Mr. L. A. Hopkins, Norma Gitersonke, Shirley Williamson, Marian Hillger, and Laurel Rae Barnett.

In 1944, a group of girls from the Band and the Orchestra who wanted to learn dance music got together after school for some "jam sessions," and later organized as the "All Girl Orchestra." This organization plays at parties at school and at outside engagements.

"Music is a document of human experience recorded in movement and sound."

This harkens to the advanced music appreciation course, a subject available for students who have a deep interest in music and who want to study further its history, its medium, and its composers from primitive man to the present day.

The Orchestra, an outstanding feature of the Music Department, may be heard during the year at various functions, such as the Girls' and Boys' Club play, the Junior College play, and the Senior play. It is also called upon by the community to play at the Optimist Forums.

ORCHESTRA

Row 1: Shirley Jackson, Dorothy Terrell, Barbara Drew, Charity Koeper, Ralph Ball, Pat Weber, Phyllis Couwenhoven, Bob Nelson, Herbert Butler.

Row 2: Robert Skye, Mary Woulfe, Carolyn Roney, Bob Achor, Harriette Jones, Beatrice Ranney, Charles Bennett, Ethel Jo Breitenfeld, Muriel Wernicke, Milton Degenhart, Norma Gitersonke.

Row 3. Arlene Bischel, Suzanne Holmes, Teunis Paarlberg, Bill Haase.

THERE'S MUSIC IN THE AIR

During the Christmas season the Orchestra with other groups in the Music Department presents the annual Christmas concert. Toward the end of the school year this group plays its part in the annual Spring Concert.

Four years ago several girls from the Girls' Choir volunteered to form a singing group known as the Girls' Madrigal. Later the name was changed to Keydets.

The group performs at assemblies, the Christmas concert, Spring concert, and various women's clubs.

During the Elizabethan Era it was the custom for groups of singers to gather around a table and sing without accompaniment. From this custom the singers obtained the name "madrigal," which refers to an unaccompanied chorus.

The Chorus is one of the active musical groups in Thornton. This organization produced Gilbert and Sullivan's "Pirates of Penzance" on March 8 and 9 to capacity audiences.

The Chorus also took part in the Spring Music Festival, which was held May 10 and 11. Bob Achor directed the chorus in its part of the annual Christmas concert.

The Girls' Choir serves as a musical organization for the benefit and enjoyment of its members. The girls perform at various assemblies, the Christmas concert, and the Spring Festival.

The Girls' Glee Club was organized in recent years to answer the girls' increasing demand for vocal practice and training.

In the Boys' Glee Club the boys learn proper techniques in singing. This group performs at the Spring Festival and the Christmas Concert.

BAND

Under the direction of Mr. Lyle Hopkins the Band plays at football and basketball games, assemblies, and other programs. Each year the seniors march at commencement to the traditional "Pomp and Circumstance" played by the Band.

This year for the first time all freshmen interested in the Band are required to participate in instrumental classes.

The Band elects its own officers. This year they are: president, Neil Worchester; vice president, Don Leturno; secretary, Betty Ann Hord; and treasurer, Ethel Jo Breitenfeld.

Besides all its other activities the Band presented its seventeenth annual Spring Concert this year.

On the walls of Room 147 numerous plaques may be seen, which represent the many contests in which the band has participated and received awards.

TWIRLING CORPS
Mildred Olson, Bonnie Abraham, Normajune Lintner, Dorothy Hobbs, Jacqueline Irwin, Katherine Greenwell, Yvonne Morse.

TWIRLING CORPS

Do you know what a flam is? The girls of the twirling corps do. It's one of the basic forms of baton twirling. And these girls aim their free throws straight up in the air, not at baskets.

The Girls Twirling Corps was organized in 1944, under the direction of Mr. Lyle Hopkins, for girls interested in learning how to twirl a baton and in performing as majorettes. The group was taught by Mildred Olson, who has won many awards in interscholastic contests of that type.

The girls who have performed at basketball games, parades, and football games are Bonnie Abraham, Pat Bessett, Barbara Bickley, Katherine Greenwall, Ruth Haigh, Dorothy Hobbs, Jackie Irwin, Normajune Lintner, Beatrice Mech, Mary Russell, and Dolores Schuette.

Thornton's 1945 baseball team, under the guidance of Coach Frank Froschauer, turned out to be one of the strongest teams in the history of this school.

"Fro's" boys won the South Suburban league crown by winning seven games, one a forfeit, and losing none.

Power at the plate was Thornton's biggest asset. Nine men batted over the .333 mark. In 349 times at bat the Thorntonites gained 117 runs on 120 hits, which was good for an unusual team batting average of .344.

NO LEAD IN THESE SHOES

"Kankakee district track champions of 1945" was the title earned by the Thornton tracksters as they won the district meet by a margin of 17 points. Competing against 15 other schools, Thornton compiled 42¼ points.

Thornton's district winning squad took part in the state track meet, but was unable to garner a point.

In addition to this, Thornton's two-mile relay team consisting of Gabby Marek, Clement Jay, Ray Michalski, and Darrell Thomas, garnered eight points in the Wheaton Relays and four in the Proviso Relays.

YEA THORNTON

Many's the time that you've watched the teams dash around like mad and you've cheered violently for them. Right? Those elastic-jointed people who lead your cheers and get wet when it rains were led by Captain Ann Martin and Secretary Lou Johnson, plus that honorary member-mascot, Bill Strawbridge.

The cheerleaders include Ruth Brand, Janet Dunham, Jerry Hyland, Ione Leninger, Jean Skerry, and Ruth Summers.

Cheering for football and basketball games, organizing pep assemblies, and participating in other activities make up the duties of this group.

The wrestlers ended the season with three wins and six losses. Later at the district meet at Joliet, senior Joe Rockwood won the right to compete in the state meet at Champaign, where he captured the state heavyweight championship.

GOLF
Martin Sodetz, Harry McKee, Bob Benson, Pete Koteff, Jack Richards.

HOLE IN ONE

Undefeated all season in six dual meets is the record that Thornton's 1945 golf squad established. After discontinuing golf for two years, Thornton put it back on the sports program in the 1945 season.

At the completion of 18 holes in the district meet, Thornton and West Aurora tied for first honors with a team medley score of 351. After nine holes had been played, Thornton took second place.

Lettermen and those who made golf a success at Thornton in 1945 besides Pete Koteff, captain, were Martin Sodetz, Harry McKee, Bob Benson, and Jack Richards.

PROMENADE

The stage was set in the Southmoor Hotel on May 19 for the long awaited Junior-Senior prom. Everyone was as excited as usual for this yearly occasion.

Music was furnished by Benny Sharp and his orchestra.

When this evening ended, it did so only in time, not in memory.

Guests of honor were Dr. and Mrs. W. E. McVey. Chaperones were Mr. and Mrs. K. J. Lipe, Mr. and Mrs. J. E. Tilton, and Mr. and Mrs. G. R. Valbert.
